## A Visit with Dr. John

The Association summer mission trip will be to Pensacola, Florida this year. I appreciate all the volunteers and leaders that make the summer mission trip such a successful event.

Some of our folk have been going with Brother John Gunter on mission trips to the Dominican Republic, Haiti, Honduras, Costa Rica, etc. over the past several years. John has so many connections in these places, the trips tend to be well-planned and productive.

We also sponsor a mission trip to the Appalachian foot hills of Kentucky September 1-7. I've heard some of the participants say they really enjoy going there to work.

Some mission work is taking place right here. Of course, your church is or can be involved in evangelism and missions in your neighborhood.

Quite a few people volunteer to work with children and adults at Faith Community Church. Savanna Reynolds will be working with the children there throughout the week during June and July. She, along with all the other volunteers, are making a big difference in the lives of people there.

The Association normally has people to volunteer to do mission work at the Vineyard during the summer. It is a good opportunity to be around lots of Christian people and help with real ministry events. Lots of people come to know Christ as Savior and make life-changing decisions during these camp times. We have other people who simply give a few hours or a few days to work there, not only during the summer, but throughout the year.

The Association's children's camp is July 9-11. The committee works throughout the year to plan and prepare. They usually can find a place for an adult or older teen to volunteer.

One might be surprised about how many of our churches plan and conduct their own Mission Trips to various places where they have some connection. We have some mission minded people and congregations.

I am privileged to be able to serve as Association Missionary in Coffee County.
