*A Visit With Dr. John*

Quite a few of our churches are involved in Disaster Relief Ministry. Some of our churches are gathering supplies and carrying them to places in need. Some individuals have gone into harder hit areas to help people they know. Our trained people still are faithfully serving. All of these folk are rendering special service to God, as well as to the people they help.

The Association's Disaster Relief Committee met a few days ago. They will try to acquire a skid steer for the Priority One chainsaw teams. This machine will enable them to multiply their effectiveness. A couple of churches have already notified us of their desire to be a part of the offering for that piece of equipment. Yours can be a part of it too, if you desire. If you want to give for this purpose, please indicate that when the offering is forwarded to the association.

You will be glad to know that some of the people our chainsaw team has helped actually have sent letters of appreciation and monetary gifts wanting to help be a part of this ministry. Those people know firsthand how valuable is our team. We will provide more training for you to be a part of the Priority One Group!

I'm glad some of our churches are helping with the community effort of a mobile food pantry. They do this one day a month. Through their connection with the Wiregrass Area Food Bank, they give considerable amounts of food to people who need it. On October 30, they supplied food to about 450 families! Below is a picture of their operation.

Our churches have been leaders in collecting boxes for the Operation Christmas Child emphasis. The WMU started this in our county almost 20 years ago. I appreciate your work to help children. Thanks to Debra for leading. Thanks to all the groups who come to receive the boxes. May God bless you for what you do to bless others!
