A Visit With Dr. Granger

Some of our Disaster Relief team was called out again this week. I am thankful for their willingness to serve. I'm amazed that some of them can get off work so much to go. They have made a tremendous difference in White Oak Shores, the place recently hit by a tornado.

Let me remind the pastors that they and interested laypersons from their church are invited to the ministers meeting this month. It will be about church security. The leader will even address active shooter situations. April 27, 10 a.m. at the Association office.

The Spring Boys Campout is April 28 and 29. What a great opportunity for dads and church leaders to spend some quality time with boys! Some mothers bring their boys to this event.

The Girls (GA) camp is May 19-20. We have such an outstanding leader for this camp and many good volunteers. I believe you will find it worth the effort to bring a group from your church.

The children's camp is July 17-19. Once again, this will be a terrific camp. Some of the people on this committee have been a part of it for several years. They have had lots of successful camps. They met throughout the year to plan for this camp.

For all three of the camps just mentioned, you will find good planning, conscientious workers, and a fun program. All of them will have biblical and inspirational aspects. The children at our church, who have attended before, have been looking forward to these events for months.

The mission trip to South West Alabama is June 17-23. There still is time to sign up. Dr. Danny Wiggins coordinates this trip. It is an excellent way to involve young people in missions work. They do fun things, as well. Remember that a group or just one or two from your church can participate.

By the time you receive this, we will have had the VBS training for the association. I'm thankful for Catherine Sims and her team for leading. I pray blessings upon all of the VBS efforts.
